As you are going through the video linked to this page, answer the following questions:

1. You may use a copyrighted image © in your project True or False
2. You can use a Creative Commons (CC) image in your project True or False
3. If you use a Creative Commons (CC) image, you may alter it True or False
4. You may use a copyrighted image if you are using it for a parody True or False
5. If in doubt, it is best not to use “fair use” for a copyrighted image True or False
6. If we use a Creative Commons (CC) image, we need to use attribution True or False
7. Out of the two images below, circle the image you could use in your presentation under the Creative Commons License Laws?

8. Now explain why you can use one, but you can't use the other:
9. Next, go to the following site and find two images you might use under the creative commons law in your projects!
